06 - 10 July, 2015

Organized by  
Department of Engineering Sciences and Humanities  
**Saraswati College of Engineering**  
**Kharghar Navi Mumbai**

## ABOUT THE SHORT TERM COURSE

Higher education is a dynamic, continually evolving concept that keeps adapting to the most up-to-date changes. Likewise, the methodology used in teaching and research is equally momentary in nature and demands up-to-date approaches as well. Educationists need to absorb the fundamental nature of the evolutionary character of higher education in academic curriculum, empowering students and scholars to create an updated learning process that is pragmatic, effective and methodically impactful. The watchful and deliberate efforts by policy-makers and academicians have put in place a set of practices within higher educational institutions that provide the most engaging opportunities for the students to acquire competencies and skills. This enables them to be fully equipped for the challenges now emerging in our global society. When the educators and organizational leaders in our country's higher education firmly and ardently dedicate themselves to implement certain guidelines for themselves and for the students in their realm of responsibility, the young students cultivated in an environment where they are proficient enough to develop holistic capabilities. With the advent of National Assessment and Accreditation Council (NAAC) in India, one can foresee a radical turnaround in the way quality education that will be made available by higher educational institutions in the next few years.

In view of above, Department of Engineering Sciences and Humanity of Saraswati college of Engineering, Kharghar proposes to organize One week Short Term Training Programme On “**Assessment and Accreditation with NAAC for Quality Improvement of the Institute**” on July 06-10, 2015.

## ABOUT THE INSTITUTE

Saraswati College of Engineering was established in 2004 with clear objectives of providing quality technical education & research vision. The college is recognized by AICTE & governed by Maharashtra & affiliated to university of Mumbai. Devoted & dedicated efforts by experienced & qualified faculty members, the huge infrastructure & lush green surroundings are few of our strong points for mention. The institute is presently running the undergraduate engineering programs in Electronics and Telecommunication, Mechanical, Computer, Information Technology, Civil Engineering, Automobile engineering and post-graduation courses in Electronics & telecommunication, and Mechanical engineering. Our institute lays a strong emphasis on fundamentals to facilitate students understand complex engineering subject in an interesting and stimulating environment.

The management of the college is committed to introduce quality UG & PG courses & research Programme in the upcoming field of technology. The ISTE Chapter is organizing workshops & seminars for the profound growth of students & faculty time to time.
